

Under The Gavel

Council Notes by
ERNIE HALTON

With the advent of a new year the refreshed members of the students' council started out with a very brief agenda. Celebrations, procrastinations, relaxations, et al produced one of the shortest sessions of the year, merely two and one half hours.

Literary Association

Representative of the Literary Association, Alwyn Scott brought up for discussion some pretty large orders. Although purely tentative and verbal Alwyn suggested that a reserve fund should be established for the Lit club to provide for future requirements. These included a wire recorder, which could be used for recording of debates, public speaking, the drama club and others, a cedar lined portable filing cabinet to hold all the costumes, and the need for an additional \$1,000.00 in costumes and drapes to be bought in future years.

Scott inadvertently dropped the remark that about \$250.00 in costumes have disappeared since last summer. The present locker, Scott added, was easily opened and thus new costumes and a new locker were needed. Said President George Hartling, "isn't this locking the door after the horse has been stolen?"

Alwyn stuck to his guns for a new cabinet. He added that there were still \$800 to \$900 worth of costumes remaining and to prevent these from mysteriously slipping away a large and impregnable cabinet was required.

There followed a long discussion on cabinets reminiscent of earlier arguments over pianos. Said Hartling, "it seems to me that \$150.00 is rather high."

"Mr. President, I don't think that \$150.00 is enough," replied Tim Tyler.

To provide further consternation Alwyn Scott added that apart from costumes some scenery and even the inventories of expenditure had disappeared. Agile minded Ernie Shortliffe immediately suggested that a committee should be set up to investigate the whole matter and, "particularly in view of the fact that we have lost \$250.00 in costumes."

Hartling, the watchdog of student funds stated, "this is student money and if there is any doubt at all we should certainly look into it."

After arguments abated it was decided that the Literary Association committee should draw up reports and inquire into the lost equipment, the Lit reserve fund, and an estimate of the cedar lined cabinet.

Dances

Three major dances came in for detailed discussion. These of the Freshmen, Sophs and the Students' Union.

Dave Sinclair gave a financial report of the recently held Soph dance. As in the case of many of its predecessors the dance was a howling success socially. The net loss financially, however, of students' funds was \$155.11. The major debate centered around the checking system. It was suggested that tipping or paying for checking should not be required. Since one large lump is paid, as in the case of the Trocadero, for the use of the building and the band, checking should be included. It was proposed that future dances at the Troc should carry this proviso and that students be notified that they will not be required to place any monetary sum into the hands of the hat-check girl.

The Freshmen Class budget given by Dave estimated a loss of \$60.00. The dance, to be held at the Troc on January 16, provides for 300 couples at \$2.00 a couple. The deficit last year amounted to \$389.74. It was finally proposed that the Frosh committee for the dance should reduce the estimated budget so that the expenditure would balance with revenue.

The members of the students' council set the date of their dance for January 17. It was suggested that they should have a semi-formal supper dance at the "Mac". A committee of the three with Gord Anderson as chairman was elected to arrange for the Council party.

Wrong Number Creates Havoc In Beauty Salon

Telephone directory officials would like to correct an error in one of the business phone numbers in their publication which has been causing no end of confusion.

The incorrect number is that of the Varsity Beauty Parlor, which was listed as 32845 instead of the correct number 31144. Ordinarily, such an error would be easily recognizable, but in this case a further complication arises in that the incorrect number is that of the Scona Beauty Parlor. A request at the wrong number for an appointment for a permanent is thus taken in all good faith at the Scona Beauty Parlor. However, when the patron turns up at the required time at the Varsity Beauty Parlor for her appointment, confusion reigns supreme.

Directory officials wish therefore to make clear that the number of the Varsity Beauty Parlor is 31144.

\$400,000 Offered Building Fund

Alberta Dissents . . .

NFCUS Affiliation With IUS Voted Subject To Conditions

No small stir was created in these days of the witch-hunt when the National Federation of University Students' delegates in conference December 29, 30 and 31 at Winnipeg voted to affiliate with the allegedly Communist infiltrated International Union of Students.

This affiliation was conditional, however, upon the elimination within the next two years of political and religious controversies which have no bearing on student welfare, and which have been blamed on Communist agitation. Also requested was clarification of representation system. If these reforms do not take place within the given time, the NFCUS stated that it would withdraw from the Union to lead a campaign for the formation of a proper world student union.

Mock Parliament In First Moot Monday at 7

Alberta's second mock Parliament will meet for the first time on January 12, at 7 p.m.

The speech from the throne will be read by the Speaker, Lorne Calhoun. Copies of this speech will be distributed Friday to the leaders of the various political parties on the campus.

At this first session of mock Parliament, the members will be limited to only 12 minutes speaking time.

Government by the Liberal Party having the same number of seats as the CCF promises to provide fire-works at the sessions. The main issue will depend upon the allegiance of the Progressive Conservative and Social Credit parties to the Liberal government. If the government fails to get their support, it may be necessary to call a new government to power.

Pembina Girls Return To Native In Hawaiian Party

Oblivious of cold Alberta snows outside, the girls of Pembina Hall and their escorts will dance in an atmosphere of sunny tropical climes on Friday, Jan. 9, when the annual "Pembina France" will be held in the Athabasca dining hall. Norris Pacey and his orchestra will provide the music for dancing, which will last from 9 to 1. Decorations will be in keeping with the theme, "Hawaiian Holidays."

Guests of the dance will be Mr. and Mrs. Sparby, Miss M. Simpson, Miss C. MacFarlane, Miss E. Empey, Miss E. Patrick, Mr. and Mrs. Healy, Mr. and Mrs. Ryan, Dr. MacLean, Mr. Shandro, Mr. Snowdon, and Mr. G. Hartling.

All arrangements for the dance are under the direction of the Pembina House Committee, including Margaret Coates, president, and Marion McRoberts, Iris Thorogood, Nora Fleming, Evelyn Geehan and Mary Parkinson.

Western Ontario Awarded Trophy At CUP Meeting

Thirty-two delegates, representing eighteen Canadian University papers, met at a three-day CUP conference in Hamilton, Ontario, over the holidays. They discussed matters of internal policy, press wire service, and exchange procedure. The Gateway delegate to the conference was Editor-in-Chief Jim Woods.

Elections were held at the close of the conference for the positions of President and Honorary President of CUP. The Argosy Weekly, Mount Allison University, Sackville, N.B., was elected president. Official positions in CUP are vested in the papers, not individuals. The Argosy succeeds the University of Western Ontario Gazette.

Elected as Honorary President was Mr. T. D. Tighe, Ottawa publisher.

On the last day of the conference, Tuesday, Dec. 30, a banquet was held in the Royal Canaught Hotel. Mr. Gillis Purcell, president of Canadian Press and Honorary President of CUP for 1947, announced the results of the Bracken Trophy competition for the best university paper. The trophy this year went to the University of Western Ontario Gazette by unanimous vote of the judges. The Manitoban was second and the Toronto Varsity and McGill Daily tied for third place. The Gateway was given special mention for editorial comment. The judges were: Grant Dexter, Executive Editor of the Winnipeg Free Press; Gillis Purcell, President of Canadian Press; Ralph E. White, publisher of the Kamloops Sentinel; and A. F. Mercier, General Manager of Le Soleil, Quebec.

Orchard to direct . . .

. . . Intersarsity play

Labiche Play Alberta Effort For Winnipeg

Try-outs were held Saturday to choose the cast for the Intersarsity play, to be presented in Winnipeg in competition with plays given by other Western Canada universities the end of January. The play will be The Two Cowards, by Labiche. It will be directed by Professor R. G. H. Orchard, head of the drama division, Department of Fine Arts. Cast of the play includes: Bethoe Thompson, playing the role of Cecile; Jim Scott, playing Thibaudier; Violet Ulazovetz as Annette; Laughlin Taylor as Fremisson; and John Bracco as Garadoux.

The story concerns Thibaudier, a very timid man, who is trying to force his daughter, Cecile, into marrying Garadoux, a man whom she knows only slightly. Garadoux is staying at the home of Thibaudier, and the old man is afraid to tell him that his daughter will not marry him.

Cecile, however, is in love with a solicitor, Fremisson, who is himself a coward. He comes to tell Thibaudier that he desires to marry Cecile, but he is too afraid to ask for her hand in marriage.

It all ends happily when Fremisson discovers that Garadoux is an old client of his, who served a prison term for beating his former wife.

The humor of the play revolves around the terror of Thibaudier, who is too frightened to tell Garadoux that his daughter will not marry him, and yet is too nervous to tell Fremisson what has happened.

Complaint Bureau Against Professors

MONTREAL (CUP). — A "Complaint Bureau" has been proposed at the University of Montreal to investigate individual complaints made against some professors in the different faculties.

Failure to remedy the problem attacked last year has been due to the fact that students have been unable to complain without exposure to personal disadvantages. The organization would be of easy access to the students, preserving the anonymity of the complaint, could be given the rights to enquire unobtrusively, and to report its findings to the faculty concerned.

Debate Virtues Of Toronto

MONTREAL (CUP). — "We All Hate Toronto" was the resolution upheld recently by the Victoria College Debating Parliament. Irreverence was the order of the evening, as midst belches from the affirmative speakers and yawns from the negatives, the government and opposition respectively attacked and defended "Old Hogtown."

Affirmative speakers recalled the "good old days" when dull neighbors assured a Torontonion of "undisturbed egoism" and conversation consisted of facts rather than culture and ideas. A negative speaker branded the statements of Toronto haters as a "cry of super-hypocrisy." By a margin of 35-29 it was affirmed that "Torontonites hate Toronto."

LOST

Lawyers Present Weir Portrait To University

A portrait of the late John A. Weir, for many years Dean of the Faculty of Law, was presented to the University at a recent meeting of the Board of Governors on behalf of the donors by Mr. W. F. Bowker, Acting Dean of the Faculty.

The portrait, painted by Nicholas deGrandmaison, the well-known Alberta artist, was commissioned by Mr. W. W. Morrow of Edmonton and Mr. John Gorman of Calgary, on behalf of a number of lawyers who had been students of Dean Weir's as undergraduates at the University, and by other interested members of the profession. It will be hung for the present in the Junior Law Library, and will be moved to the Weir Memorial Library in the new Library building when the premises are opened.

In presenting the portrait to the University, Professor Bowker referred to the late Dean Weir's high qualities as a jurist and as a teacher, stating that the portrait would be an inspiration to teachers and students of Law at Alberta for years to come. Further tributes were paid by Mr. Justice H. H. Parlee, Chairman of the Board of Governors, in his acceptance of the portrait on behalf of the University; by Mr. Justice Frank Ford, who has been associated with the Law Faculty since its founding; by Mr. George Steer, K.C., former Acting Dean of the Faculty; and by Dr. Robert Newton, President of the University.

In addition to members of the Board of Governors, the ceremony was also attended by Mrs. Weir and her daughter Elizabeth, Mrs. Newton, Mrs. Ford, Mrs. Bowker, and members of the Law Faculty.

Provincial Players Plan Summer Tour

Reorganization of the Provincial Players and improvement in standards of drama production were forecast for 1948 in a statement to the Gateway by Professor R. H. G. Orchard, Department of Fine Arts.

Better living conditions are planned for players in the 1948 tour. All players will sleep in hotels or private residences. There will be an allowance for hotels and meals of \$3.50 per day per person, and an honorarium of \$100 per month. The new arrangement will bring in the services of the new Provincial Drama Board, the Department of Extension, and the Department of Fine Arts.

The six-week tour will last from early in May to the middle of June. Rehearsals will start early in February and will be suspended at exam time. Casting will take place after the Inter-Year Play Competition. All students wishing to join the Provincial Players are asked to contact Professor Orchard in the Department of Fine Arts.

In addition to Provincial Players, three to six students are needed for the construction of a Marionette Theatre. Workshop facilities and instruction will be provided by the Drama Division of the Department of Fine Arts.

"Heart Of Paris" At First Showing

The National Film Society, Edmonton Branch, will resume its meetings on January 12th with two film showings at 4:15 for student members and at 8:15 for the general membership. The meetings will be held, as last year, in the West Theatre, Room 142 of the Medical Building. The feature film for January 12th is the French film "Griboille," the English title of which is "Heart of Paris." "Griboille" is directed by Marc Allégret and stars the French comedian Raimu, also starred in "The Baker's Wife."

The film is a cross-section of family life in Paris, and of it the Film Daily says: "It is a fine sensitive portrayal of Parisian family in its everyday life." The New York Daily News describes the film as "the best French film since 'Meyerling'."

The short subject is a National Film Board color film "Klee Wyck," the story of Emily Carr of Victoria, B.C., who travelled about Vancouver Island visiting the Indians of the Pacific Coast and recording on canvas their life and work. Emily Carr has recorded the towering forests and the dying culture of the Indians of B.C. as has no other artist.

On January 26th another famous French film, "Un Carnet Du Bal," will be the featured film.

Governors Will Undertake Building Maintenance Costs

Months of student financial negotiation for the Students' Union Building bore fruit with the offer of a \$400,000.00 interest-free loan from officials of the Provincial Government. Last year's negotiations, which brought forth a Government offer of a \$300,000.00 loan, will now be set aside in favor of the larger amount.

The new loan, with the \$100,000.00 building reserve fund, makes half a million dollars immediately available for construction of the first unit of the building.

Conditions covering the proposed loan are: that a firm bid be obtained for the complete construction of the entire first unit, specifications to include everything foreseeable to make the building ready for use; that the Board of Governors take steps to protect the Government against change in the system of collecting student fees until the debt is paid; and that there be a definite understanding that the furnishing of the building is a student responsibility, with no further requests to be presented either the Government or the Board of Governors.

In addition to the loan, the Government would supply the University with the funds required to move the Drill Hall. The cost of such a move is estimated at \$25,000.

The Board of Governors has agreed to undertake the maintenance of the building once it has been built. On the basis of present maintenance costs on other University buildings, the Union building costs for upkeep are estimated at \$20,000 per year.

The acceptance of this offer now rests on the wishes of the student body. Complete details of the negotiations have been published on page three of this issue of The Gateway. Students' Council are preparing a referendum to the student body on the question which, it is expected, will be placed before the students this month. If the offer is accepted by the Union, steps will be taken to complete negotiations with the Government and make the deal binding.

The Board of Governors, which has been in the picture throughout all negotiations, have expressed their approval of the scheme, and have commended "the enthusiasm and practical interest of the students in the attainment of this project." The Executive Committee of the Board has been empowered to act on behalf of the Board in regard to proceeding as soon as possible with the erection of Unit I of the building.

Indications are that, with approval from the student body, plans will be made to erect the first unit of the building. This will include such features as lounge rooms, snack bar, publication and administrative offices, conference rooms, and the like.

Planning will be detailed and will take into consideration the over-all building plans of the University so that duplication of facilities can be prevented.

Repayment of the loan will be arranged over a twenty-year period, \$20,000 per year being paid by the students. This will mean an increase in student fees. Plans for the adjustment of fees are under consideration, and will be made public prior to the referendum being taken.

Gateway Staff Take Note

The annual banquet and dance of The Gateway will be held on Wednesday, Jan. 14, at the Club Roosevelt. Festivities commence at 7:30 and continue until 1:00 a.m.

All staff members intending to be present must sign the sheet on The Gateway bulletin board before 1 p.m. Monday, Jan. 12. Remember—all is free!

Racial Prejudice Results In Boycott

MONTREAL (CUP). — The Students' Representative Council, official society of the undergraduate body at the University of New Brunswick, has decided to boycott places accused of prejudice, it has been announced.

The action came as a result of the refusal of four barber shops, among the largest in the city, to give haircuts to three negro students attending the university.

A protest is being circulated, and the latest reports showed that 500 of the 1,400 students have signed. Letters were sent to the Chamber of Commerce and the churches asking for co-operation. A special issue of the university paper, The Brunswickian, has been published.

Freshman Class Sails Showboat At Trocadero

On Friday, January 16, the Trocadero will take on that romantic southern atmosphere as the Freshman Class presents its formal dance "Showboat." Dancing will be from 9 to 12 to the rhythmic beat of Bob Lyon and his orchestra, who will present as a special feature a medley of Showboat songs.

The decorations, under the supervision of Alwyn Scott and Norman Cooke, will highlight the Showboat theme. Two river scenes will enclose the bandstand on either side, and a ship's rail centred by a revolving helm wheel carrying the dance numbers will enclose the front. Large "Darkie" minstrel silhouettes will loom behind the orchestra and minstrel faces will cover the balcony railing. The regular seating arrangement has been changed to allow for more tables, as all tickets are to be sold with table reservations.

Ticket sales, which will begin on Friday, Jan. 9, for freshmen, and Monday, January 12, for upperclassmen, will be limited to three hundred couples to prevent overcrowding.

Patronesses will be Miss M. Simpson, Miss C. McFarland and Mrs. Sparby. The Freshman Class executive in charge of arrangements are: Pete Lougheed, president; Jean Adams, vice-president; and executive members Norman Cooke, Harry Irving and Bud Milner.

Kansas Meeting Places Stress On Missions

Discussions and speeches on the problems of our times in many lands was the prevailing theme at the "Frontiers Conference" which 25 Alberta delegates attended from Dec. 27 to Jan. 1 at the University of Kansas, Lawrence, Kansas.

This fifteenth "Christian Frontiers Conference" was primarily missionary in its emphasis, and the delegates heard several talks on Christianity in India, the Fiji Islands and the West Indies.

Dr. J. R. Mott, who originally organized and developed the Student Volunteer Movement at the close of the last century, was one of the chief speakers, and told of his life effort to unite the churches. Dr. W. H. Judd, formerly a medical missionary to China, told the delegates that they must seek for peace, not hope for it. He advocated helping Germany, Greece and other European countries to become self-supporting, and stressed the need of immediate large scale aid to China. Dr. Paul Anderson, who has spent a number of years abroad in China, Germany and Russia in the service of the YMCA, spoke briefly on the spiritual life of the Russian people.

Approximately 1,800 delegates attended the conference, and 1,500 colleges and 35 denominations were represented. There were 268 Canadians present, representing all the provinces but Prince Edward Island. Delegates from each of the 48 States were present, as well as representatives from several European countries—Africa, South America, China, India, Japan, Mexico, and the West Indies.

The delegates from Alberta were: Paul Tillemann, president of the Alberta Campus SCM; Dorothy and Shirley Reid, Bernice Moore, Helen Huston, Gwen Underhill, Helen Taylor, Enid Sauder, Charlotte Ward, Beryl Bisset, Claire Bonnell, Ed Mullen, George Robertson, John Perrot, John B. Smith, Jim Verghese, Doug Greenough, Wesley Crawley, Bob McMillan, and Mr. and Mrs. Frank Ball.

NOTICE

The first meeting of the University Skating Club will take place this Sunday evening, January 11, from 7:00 to 10:00 p.m. Dancing-on-Ice from 7 to 8:00, free skating from 8-10, and the speed skating club will hold forth after 10 o'clock.

Building Finance

The long silence has been broken. Page three of this Gateway condenses into a few short columns the results of many months' hard work. In the submission to the Provincial Government we can see the fruits of innumerable discussions, of intensive research, of careful planning, of interminable debate, and of unending application to the task.

In the summary of the Provincial Government's offer, as outlined in Dr. Newton's letter, we can see the result of all this work. Work that has been aimed at the realization of a long-standing campus dream.

Although the offer made by the government falls short of the aid requested in the submission, yet we have been accorded a "unique opportunity" to realize at least a substantial portion of our goal. With the grant of an estimated \$25,000 for the moving of the drill hall, and the cost of maintenance over twenty years totalling \$240,000, and the interest on the loan estimated conservatively at \$240,000 it can easily be seen that we have an outright offer of \$505,000.

It would be foolhardy indeed, for this offer to be rejected and the building project discarded because all units of the proposed building cannot be built at this time. Rather should we tailor our plans to fit what we have available in the matter of finance and, with continued foresighted planning, erect those facilities most needed by the student body.

The Students' Council is preparing a referendum to the students to ascertain their wishes in this matter. Alternative proposals will be outlined and the students asked to vote on the question. It is necessary therefore, that everyone on the campus realize that theirs is the power to accept

or reject the offer made and that they must, therefore, study minutely every detail of the projected plans.

It is almost impossible to conceive of the students' rejecting the offer of the provincial government but, through a lackadaisical attitude on the part of some, stranger things have happened. If, by chance, rejection of the proposal should result from the referendum, then it is almost certain that this campus will not see the revival of a building project for at least twenty years.

NOW we CAN have a Students' Union Building!

Vocational Guidance

To aid undergraduate students in formation of their vocational plans, the Alumni Association has formed a vocational information service. Aimed at assisting those who have not definitely determined their future vocational choice and also to give additional information about various vocations to those who have already made their choice, this service would prepare meetings between small groups and graduates interested in a common subject. The graduate leader would direct discussion of aspects of the particular vocation which he represented.

During the 1947-48 term, the association is prepared to arrange meetings between graduates and students in six of the following fields: agriculture, accounting, architecture, dentistry, education, engineering, geology, household economics, journalism, law, medicine, nursing, pharmacy, social studies, theology, library technique and laboratory technique. In these discussions, the vocation and not the student would be considered and while value of particular subjects in preparation for the given vocation might be examined, no advice would be given to students with regard to academic matters.

Although this service has twice been announced in The Gateway, response has been poor. Such service can achieve its full value only through voluntary and enthusiastic co-operation between undergraduate and graduate students through which each might benefit by the experience of the other.

Many students are unaware of their plans after graduation, even those students who are aware, are often hazy about how their university education will fit them for useful employment in the outside world. Some of these problems will be clarified by discussion between undergraduate and the graduate working at his profession. The Alumni Association must be congratulated for its earnest effort to make such discussion possible. It lies now with the undergraduate to take full advantage of the opportunity offered.

Drama Club Discussion Held On Constitutional Changes

The Drama Club resumed operations for the year with a general meeting held on Wednesday, Jan. 7. The main business discussed at the meeting dealt with the proposed changes in the constitution of the club. A report was presented by the committee chosen to revise the constitution, and the changes discussed. The main changes were concerned with the allotting of points for work done. The meeting accepted the report of the committee, and the revised constitution will be presented to the Students' Union for ratification.

It was also decided that this year there will be only one adjudicator for the Inter-year plays instead of three as formerly. The final choice of plays and directors for the Inter-year plays was announced. These will be: Freshman play, "Family Album," directed by Graham Atkin; Sophomore play, "Murder Trial," directed by Bob Willis; Junior play, "Boxcar Heading West," directed by Don Duff; and the Senior play, "Floating Homeland," directed by Henry Repp. These plays have now been cast and rehearsals have started.

After the business part of the meeting the members were entertained by a skit which was directed by Jo Pilcher.

Chem Club Plans Annual Banquet

The Chemistry Club will hold its annual ball in the Macdonald Hotel on Saturday, Jan. 10. The banquet will begin at 6:30, with Dr. R. Taylor and Dr. O. J. Walker as guest speakers. Dancing will be to Frank McCleavy's orchestra.

The dance has been organized by the executive of the club, including Don Phillips, Hazel Millett and Neil McKay. For the first time since the war this function is open to all interested, and is not restricted to club members.

E. and G. Notice

Many copies of the 1947 Evergreen and Gold have not as yet been called for at the Students' Union office.

To facilitate mailing, which will only be to those who did not return this year, it would be appreciated if all students who have not picked up their books would do so immediately.

Students who attended the University throughout the full 1946-47 session and paid Students' Union fees (or were receiving DVA grants) are entitled to a copy of the 1947 E. & G. Otherwise, there are still a few extra copies available for sale (\$4.50) at the Students' Union office in the basement of Athabasca.

W. A. FALK

VOCATIONAL GUIDANCE

Editor, The Gateway.

Dear Sir,

I have been instructed by the Executive Committee of the Alumni Association to request your assistance in bringing to the notice of the undergraduates of the University, a proposed Vocational Information Service which the Alumni Association is anxious to inaugurate during the present session.

This service is in line with similar ones now operating on Canadian campuses, and is designed basically to assist undergraduates in choosing life work by furnishing opportunities for discussion with leaders in the various vocational fields.

During the present session, the plan is to furnish opportunities for discussion of not more than six of the following fields:

- Agriculture
Accounting
Architecture
Dentistry
Education
Engineering
Geology
Household Economics
Journalism
Law
Medicine
Nursing
Pharmacy
Social Studies
Theology
Library Technique
Laboratory Technique

In the notices which have appeared in The Gateway, the students were requested to underline the name of the particular vocation in which they were interested, and to hand the notices either to the Alumni Secretary or to the office of The Gateway, but to date the response has not been such as to warrant a vigorous pursuit of the project.

The Association feels that there must be many more students who would be interested in this service and it hopes that they will lose no time in indicating their preferences.

Thank you,

J. W. E. Markle,
Alumni Secretary,
Room 239, Arts.

UNCONVINCED

Editor, The Gateway.

Dear Sir,

Twice the students have been chided for misbehaviour at the LPP meeting. Your second editorial on the subject, Let's Grow Up, (Dec. 16) was not convincing, was not representative, and didn't strengthen your stand. That this conduct was

condemned by all the best men and women on the campus is also a fiction of your imagination.

Mr. Swankey put across a potpourri "fortified" by information and statistics in direct contradiction to very widely known facts. His proposed cure-alls were no better. Booming was done by students who have no reason to be ashamed of their conduct, either at the LPP meeting or at any other time. And for your stand, Mr. Editor, you owe these people an apology. Whatever way you look at it, it doesn't make it quaecumque vera.

Yours truly,
Yvon Lefebvre.

Editor's Note: Mr. Kurysh, in the Dec. 16 issue of The Gateway, was misquoted in reporting that motion was made that "Students of this meeting go on record as not sharing the statements of the speaker." "Statements" should have read "views." Score now, Mr. Kurysh, 2-1.

From our Pearls of Wisdom Department, we pass along for the solace of our readers, the following remark overheard in the Cafeteria: "Well, if the whole class made low marks, it's not so bad."

NOTICE

Freshettes are reminded to pick up their mail at both the Arts Building and the Ed Building. Non-resident freshettes miss many official invitations by failing to pick up their mail.

Queen's Arranges Student Exchange With St. Andrew's

Beginning next spring, one member of the Queen's graduating class in Arts or Science will have the opportunity of going to the time-honored St. Andrew's University in Scotland under the student exchange agreement now in effect between the two universities.

In point of years of continuous service, St. Andrew's leads all other universities of Scotland, and is surpassed only by Oxford and Cambridge in the whole island.

Since the university is co-educational, the exchange student may be either male or female. The actual terms of the exchange provide for free tuition, room and board allowances plus a \$200 cash grant given by Queen's.

Musicians Object To Band Records At Toronto Dances

As a result of a ruling made recently by the Musician's Protective Union, no more recorded music may be played at University of Toronto dances when "live" music is played. It had been a practice to play recorded music at a function where a hired band was present, presumably at intermissions.

The director of a college revue, "The U.C. Follies," at Varsity saw the secretary-treasurer of the Musician's Protective Union, and mentioned that at a recent Follies show and dance he had employed four bands and a recording unit.

The Union official pointed out that it was against union regulations to allow the four bands to play while recorded music was present. The section in question in the Union rule book was read to the Follies director, although he was told that another Union regulation did not allow him to read it for himself.

It was also stated that Union men were liable to disciplinary action from the Union if they played with the accompanying canned music.

Students' Union Building Report Covering Financial Negotiations

(Editor's Note: Below is given the submission of the Students' Council to the provincial government in the financial negotiations of the proposed Students' Union Building. Following it is an outline of the offer made by the government to the students as contained in a letter from President Newton to the President of the Students' Union).

SUBMISSION TO ALBERTA PROVINCIAL GOVERNMENT ON STUDENTS' UNION BUILDING—UNIVERSITY OF ALBERTA

In studying the financial proposal outlined in this brief the following points are respectfully submitted for consideration:

1. The necessity for a Students' Union Building to provide additional facilities as follows:
Lounge Room,
Lunch Rooms,
Gymnasium,
Swimming Pool,
Radio Studio,
Student Publications and Administration Offices,
Faculty Club Rooms, and
Cafeteria.

All the above are major requirements on the campus today. Provision of the above facilities will provide a centre for extra-curricular activity among students, facilitate a free interchange of thought among students, provide a centre for social and cultural training, foster a spirit of co-operation among students and develop a greater feeling of "esprit de corps" among students at this University. Further, in providing common, study and lunch rooms, the present/greatly crowded conditions will be alleviated.

2. There is a growing recognition of the need of Students' Union Buildings throughout the world. Universities in Britain and other European countries, the United States and Canada either now have or are planning such facilities.

3. The need for instructional facilities within the Department of Physical Education is great. Building now will meet an immediate twofold requirement. The first is for adequate training of Alberta teachers in Physical Education. The youth and subsequently all the people of our province would directly benefit from an improved standard of health.

The second immediate requirement is for Physical Education facilities which would enable the University of Alberta to offer a degree in Physical Education. A swimming pool is the basic minimum requirement to enable the Department of Physical Education to offer complete training in this field.

4. The University of Alberta has for years shown leadership in the field of higher education in Western Canada. A Students' Union Building including facilities which would enable a degree course to be offered in Physical Education would be in accord with initiative shown in the past.

5. Physical Education facilities and Students' Union Buildings available in Eastern Canada and the United States have attracted and are attracting many away from Alberta, both in academic and athletic fields. The Students' Union Building including faculty club rooms will appeal to both students and faculty.

6. The present proposal includes recreational and club facilities for faculty members. At the present time the faculty have no facilities whatsoever, and undoubtedly the above would be of great value to them.

7. The majority of Students' Union Buildings in Canada have been placed on camp either by gifts from benevolent benefactors or through student efforts. To ask the Provincial Government for an outright expenditure for the entire facilities would perhaps be unreasonable. Therefore, the proposals submitted are made with the intention that the students provide the social facilities and make a good contribution towards the Physical Education facilities.

8. It should be noted that office space can be provided for the Alumni Association. The space presently occupied by the Alumni Association would be in turn available for other purposes by the University, thus again relieving the crowded conditions in the Arts Building.

9. The provision of a Students' Union Building will enable a release of present University buildings and space to University authorities as follows:

- (a) Present Cafeteria.
- (b) Space in Athabaska Hall presently used by the Students' Union for publications and administration purposes.
- (c) Space in Athabaska Hall and the Drill Hall presently used by the Department of Physical Education.

The above provides additional space and facilities

for the University plus an increase in revenue. In this connection your attention is directed to Appendix "B" attached.

10. In view of the above, it is strongly recommended that every consideration be given to the adoption of the attached Proposal. It will be noted that the students total commitment during the next twenty years is \$753,000.00. Provincial Government contributions are a capital expenditure of \$500,000.00 plus an interest free loan of \$653,000.00. The \$653,000.00 loan includes, of course, the \$300,000.00 loan presently authorized.

GEORGE P. HARTLING,

President, Students' Union.

DAVID H. SINCLAIR,

Treasurer, Students' Union.

WILLARD G. PYBUS,

Chairman, Students' Union

Building Advisory Board.

November 17th, 1947.

APPENDIX A FINANCIAL PLAN

Total Estimated Cost, \$1,230,000.00

SOURCES:

Available:

1. Students' Building Reserve Fund \$100,000.00*
2. Present Provincial Government Interest Free Loan 300,000.00*

Required:

3. Additional Provincial Government Interest Free Loan 353,000.00*
4. Provincial Government Capital Expenditure 500,000.00

\$1,253,000.00

*Note: These loans to be repaid over twenty years. See Appendix C attached.

APPENDIX B FACILITIES IN STUDENTS' UNION BUILDING TO BE USED FOR INSTRUCTIONAL PURPOSES

Stage II:

Department of Physical Education Swimming Pool, Department of Physical Education Offices, Dressing Rooms.....\$328,000.00

Stage III:

Gymnasium and Dressing Rooms.....425,000.00

TOTAL.....\$753,000.00

Space presently used by the Students' Union in Athabaska Hall which would become available for the University when Stage I and II of the Students' Union Building is completed.

Stage I—Student Offices:

- 3 rooms 10'x12'—360 sq. ft.
- 2 rooms 16'x18'—576 sq. ft.

Stage II—Women's Dept. of Physical Educ. Offices:

- 2 rooms 10'x12'—240 sq. ft.

Total floor area made available—1,176 sq. ft.

Increased Revenue to University Residences

- 9 students at \$15.00 per month for 8 months—\$1,080 per year.

Additional space which would be available to the University as a result of construction of a Students' Union Building:

1. Office space now used in the Drill Hall.
2. The University Cafeteria Building.
3. Faculty Club Rooms (area 3,000 sq. ft.).
4. Alumni office space.

APPENDIX C ESTIMATED INCOME—STUDENTS' UNION BUILDING ASSESSMENT, 1948-68 WINTER SESSION

Expected Enrollment	Year	Rate	Amount
4150	1948-49	\$ 6.00	\$24,900

APPENDIX D ESTIMATED COSTS OF STUDENTS' UNION BUILDING

Stage I: Offices, Social Facilities, etc.....\$ 477,000.00

Stage II: Corridor and Swimming Pool.....328,000.00

Stage III: Gymnasium.....425,000.00

Total Estimated Cost.....\$1,230,000.00

December 20th, 1947.

Mr. George P. Hartling,
President, Students' Union,
University of Alberta,
Edmonton, Alberta.

Dear Mr. Hartling:

Since receiving your letter of December 10th with reference to a financial plan for the Students' Union Building project, the Chairman of the Board and I have been able to interview Premier Manning and Hon. Mr. Fallow jointly, and also to have the matter considered by our Board of Governors.

As I indicated in my letter of December 8, the Premier and Mr. Fallow were not ready to agree to the plan as you presented it, but in our conferences with them on December 17, they did agree to propose to the Cabinet Council an increase in the interest-free loan sufficient to enable you to finance the first unit of the project.

On the afternoon of Thursday, December 18th, in telephone conversation, the Premier told me that the Government had agreed to increase the interest-free loan from \$300,000.00 to \$400,000.00 if necessary to finance the first unit, on the following conditions:

1. That before any construction begins a firm bid be obtained on the entire first unit, the specifications to include everything foreseeable to make the building completely ready for use.
2. That the Board of Governors make arrangements to protect the Government against any change in the system of collecting fees from the students until the interest-free debt is retired.
3. That there be a definite understanding that furnishing the building is a student responsibility, with no future request to be presented either to the Government or to the Board of Governors on this account. To ensure that there is no misunderstanding on this point, the Government would like students to present a definite plan for financing this part of the undertaking.

The Premier added that there can be no commitment at present with regard to any further loan or grant for this building project. He felt that under present conditions, while capital expenditures for new teaching buildings are at a high level, a grant for the Students' Union Building was definitely out, and that if a further loan were considered in the future, it would have to be on an interest-bearing basis.

This proposal was considered by our Board of Governors at a meeting on December 19, and the following three resolutions were passed:

"That the Board record its approval of the Students' Union Building project as something that is highly desirable and that represents necessary facilities on the University campus."

"That the Board commend the enthusiasm and practical interest of the students in the attainment of this project."

"That the Board approve the taking of steps on behalf of the students, and in conformity with conditions acceptable to the Government, to proceed as soon as feasible with the building of Unit I of the proposed project, and that the Executive Committee be empowered to act on behalf of the Board in this regard."

The members of the Board felt that, though the Government's offer falls short of your hopes, it does represent substantial assistance to the project and opens a clear road to the completion of the first unit. We must have faith that the future will take care of itself. You should bear in mind that the Government's offer includes a grant of \$25,000.00 to move the Drill Hall, the interest on \$400,000.00 over a period of years, and an agreement that the Board of Governors undertake the maintenance of the building at an estimated cost of about \$20,000.00 a year. Comparing the actual cost to the students for securing these fine social facilities with the cost, for example, to the students of the University of Toronto merely to maintain Hart House, it becomes apparent that the local offer is much more favourable. The Board of Governors is squarely behind the students in this splendid effort, and hopes that the student body may not fail to take advantage of what may easily turn out to be a unique opportunity.

The Board authorized the Executive Committee to follow up the matter with the Government as soon as you tell me that the student body have endorsed the scheme.

Yours sincerely,
R. NEWTON,
President.

Co-Wed Column

by Dorothy Neilson

CORRECTION! CURRENT EVENTS

The first of these meetings, A Citizen's Forum, will be held at 8 p.m., at the home of Mrs. McCalla, 11054 86th Ave., not 80th Ave., as previously reported. Would members please phone Mrs. McCalla at 31895, so she will have some idea of the number planning to attend.

The second meeting of the month will take the form of a lecture by Mrs. Bowker. This is a series of four lectures on the United Nations, and Mrs. Bowker asks that members be prepared to attend each evening if they are to derive any benefit from this study. She has also asked that you bring pencil and paper to these lectures. The first of this series will be held on Monday, Jan. 26, in Arts 111, at 8 p.m.

The Glee Club will meet again on Thursday, Jan. 15, at 2 p.m., in 314 Education Building.

Skiing! Through the co-operation of the University Club, the ski hill and cabin will be made available at any time to co-weds interested in skiing, so please write to Box 53, University.

Knitting and infants-wear sewing group is of necessity limited in size. However, so no one will be disappointed, will those interested Phone 34273, so arrangements can be made.

We would like to help in securing the names of the wives of graduate students, so we can send them copies of Emily Post. Address, Box 53, University.

A Mother Goose Kindergarten has been started by Mrs. R. Jamieson and Mrs. Peggy Taylor for children between the ages of 3 and 6 years. The kindergarten is being held Monday to Friday from 9 to 12 in St. John's Church Hall, University Ave. and 109th Street. These classes commence Jan. 5. Mothers desiring information, please Phone 35391.

A High-Lights Column will start in the next issue of Emily Post. Material for this will come from the Co-Weds, so anything you consider will make news—new babies are a special item—Phone in to Mrs. C. A. Noble, at 34946.

For the remainder of the year the Emily Post will be sponsored by C. Woodward Ltd. Thank you, Helen Kent of Woodward's for your co-operation and interest.

Typists* A student's wife interested in the Girl Guides is wanted as a typist for five afternoons a week. Please apply at 10158 102nd Street.

A position is open to someone interested in the Youth Movement, who is able to meet the public and can type. This is half-time until summer, when it will become full-time. Apply Hut H of the National Employment Office.

CORRECTION! CORRECTION!

The Applied Art course scheduled to commence January 20 has been delayed one week. Mrs. Bentley of the Household Ec. Department will conduct this series of six lectures beginning January 27, at 8 p.m., in Med 142.

Lady's gold wrist watch on Varsity Ski Hill, New Year's Eve. Phone 31835.

NOTICE TO CAMPUS ORGANIZATIONS

Groups of women students or mixed groups of students who have occasion to travel outside of Edmonton under the auspices of organizations recognized by the University, are required by the University to be chaperoned by persons approved by the Provost and the Adviser to Women Students.

It is suggested, therefore, that organizations affected by this requirement contact Mr. Sparby, Arts 234, or Miss Simpson, St. Stephen's College, well in advance of any projected trip in order that chaperonage be satisfactorily arranged.

NOTICE TO CAMPUS CLUBS

The Evergreen and Gold wishes pictures of the various functions held by the clubs on the campus for the Club Section of the coming year-book. Pictures will be taken by the staff at such functions, if the club will notify Bob Cook, Evergreen and Gold office, basement of Athabaska Hall, one week in advance.

Every Student Needs these Famous

DIXON PENCILS

Everywhere a pencil is needed, students will find that one or all of these three time- and quality-tested Dixon Pencils, will do a truly satisfactory job.

"TICONDEROGA"

The fast, smooth writing pencil—easy on the hand, no push, no effort. Makes clean, definite marks. Rubber eraser in strong metal ferrule with double yellow bands. 8 degrees from 2B to 4H.

"ELDORADO"

The master drawing pencil, made with Typhonite leads. The first choice of artists, engineers, and draftsmen everywhere. Makes sharp, crisp, even lines, every time—without crumbling. Made in 17 degrees from 6B to 9H.

"THINEX"

Here are colored pencils that really sharpen up. Thin leads of smooth, even texture and surprising strength, with points that stand up. Made in 24 permanent moisture-proof pastel shades.

AN OBITUARY

Sombody called it the year of the Big Belly Ache. But now its over, and journalists are writing its obituary.

1947 . . only yesterday . . and America moved closer to military conscription. As in other years, school girls wore pigtails and grimy little boys brawled in the streets, and said: "Aw, who do think ya are—Jersey Joe Walcott?"

A New Look caused the hemline to drop to just above the ankle, and chocolate bars went up to just below a dime. Scientists gave atomic power a new look, too, by developing the atomic cloud, which was cleaner and swifter than the bomb. Just before December gave way to January's clean slate, atomic debris was dropped over Dogpatch . . and the fate of L'il Abner seemed as important as anything else to 13 million Canadians.

1947 . . a freedom train was moving across the U.S. to the great harbors of New York, while a Hollywood character named Bob Hope popularized the jargon, "The only way to give Europeans a square deal is to give them a square meal." . . Canadian farmers figured their square deal in how much more they'd get for their pork on the hoof even as the subsidies went off coarse grains.

* * *

Forever Linda Darnell was crowned the "Best Undressed Woman of the Year," and a Notre Dame football eleven voted Martha Raye the girl they'd most like to find in a huddle. The word "atomic" was applied to blondes, Indianapolis speed racers, and to pitchers with a blazing fast ball.

It was a year of the Big Red Scare when "hate those Russians" was the sentiment echoed around the western world. It didn't do much good to voice a similar feeling in the east.

"Near You" finished in top spot on the hit parade, and the Duke of Windsor sold his memoirs for several thousand bucks. Connie Mack, in his 82nd year, continued to manage the Philadelphia Athletics of the American League, and a leading Alberta sports authority said Maury Van Vliet had revolutionized basketball in Alberta.

A girl made a living by chanting about that Oxydol sparkle on the radio, and Stanley Baldwin expired at Bewdley. British war brides were disappointed about the gopher ranches they had been brought to in southern Alberta . . but their soldier spouses could lie in the sun without a 48-hour pass signed by a major.

* * *

1947 . . There were some new cars back, but the roads were still cluttered up with old cars and people looking under the hoods. White shirts returned and housewives sported new vacuum cleaners. Coke machines were back, and a local haberdashery had a suit to fit you.

The campus jargon included "Lena the Hyena," "bongo, bongo, bongo," and "austerity program." Even as the earth forgot about Wendell Wilkie's One World, local enthusiasts were waxing lyrical about international goodwill because the University of Alberta shattered Dominion boundaries to enter American athletic competitions.

Professor Andrew Stewart pulled a Lord Beaverbrook late in the annum when he helped take over the publishing of a local newspaper. And a campus reporter got himself "mugged" over Christmas, and thought Time Out might benefit . . but somehow . .

That was 1947 . . only yesterday. Palestine and India bathed in blood, and the day the great American battleship "Oklahoma" steamed into Tokyo Bay for V-J Day was something a long time ago. Tourists found the fish biting well at the Rocky Mountain resorts, but the world was strangely restless.

girls wore pigtails and grimy little boys brawled in the streets, and said: "Aw, who do think ya are—Jersey Joe Walcott?"

A New Look caused the hemline to drop to just above the ankle, and chocolate bars went up to just below a dime. Forever Linda Darnell was crowned the "Best Undressed Woman of the Year," and a Notre Dame football eleven voted Martha Raye the girl they'd most like to find in a huddle. The word "atomic" was applied to blondes, Indianapolis speed racers, and to pitchers with a blazing fast ball.

It was a year of the Big Red Scare when "hate those Russians" was the sentiment echoed around the western world. It didn't do much good to voice a similar feeling in the east.

"Near You" finished in top spot on the hit parade, and the Duke of Windsor sold his memoirs for several thousand bucks. Connie Mack, in his 82nd year, continued to manage the Philadelphia Athletics of the American League, and a leading Alberta sports authority said Maury Van Vliet had revolutionized basketball in Alberta.

A girl made a living by chanting about that Oxydol sparkle on the radio, and Stanley Baldwin expired at Bewdley. British war brides were disappointed about the gopher ranches they had been brought to in southern Alberta . . but their soldier spouses could lie in the sun without a 48-hour pass signed by a major.

* * *

1947 . . There were some new cars back, but the roads were still cluttered up with old cars and people looking under the hoods. White shirts returned and housewives sported new vacuum cleaners. Coke machines were back, and a local haberdashery had a suit to fit you.

The campus jargon included "Lena the Hyena," "bongo, bongo, bongo," and "austerity program." Even as the earth forgot about Wendell Wilkie's One World, local enthusiasts were waxing lyrical about international goodwill because the University of Alberta shattered Dominion boundaries to enter American athletic competitions.

Professor Andrew Stewart pulled a Lord Beaverbrook late in the annum when he helped take over the publishing of a local newspaper. And a campus reporter got himself "mugged" over Christmas, and thought Time Out might benefit . . but somehow . .

That was 1947 . . only yesterday. Palestine and India bathed in blood, and the day the great American battleship "Oklahoma" steamed into Tokyo Bay for V-J Day was something a long time ago. Tourists found the fish biting well at the Rocky Mountain resorts, but the world was strangely restless.

girls wore pigtails and grimy little boys brawled in the streets, and said: "Aw, who do think ya are—Jersey Joe Walcott?"

A New Look caused the hemline to drop to just above the ankle, and chocolate bars went up to just below a dime. Scientists gave atomic power a new look, too, by developing the atomic cloud, which was cleaner and swifter than the bomb. Just before December gave way to January's clean slate, atomic debris was dropped over Dogpatch . . and the fate of L'il Abner seemed as important as anything else to 13 million Canadians.

1947 . . a freedom train was moving across the U.S. to the great harbors of New York, while a Hollywood character named Bob Hope popularized the jargon, "The only way to give Europeans a square deal is to give them a square meal." . . Canadian farmers figured their square deal in how much more they'd get for their pork on the hoof even as the subsidies went off coarse grains.

Skating Will Feature Rink Opening Sunday

Bears In Action Tonight

Shorts Purcell's Golden Bears will be gunning for their first triumph in 10 games when they tangle with the Wetaskiwin Canadians at the Varsity Rink tonight.

Starting time for the fixture is 8:30 p.m.

Friday night has been scheduled for public skating, but owing to the game tonight the skating has been cancelled.

Al Church, publicity manager of the UAB, announced the following admission prices last night:

Students (with a union card) 25 cents
General public 50 cents
Children under 12 10 cents

The next game on the Golden Bear home schedule is Monday, January 12, in the Varsity Rink.

The doors of the Varsity Rink will be officially thrown open Sunday, January 11, at 2:15 p.m., it was announced by Jim Wood, director of the opening, last night. A program of fancy skating, comedy skating, hockey game, and public skating has been arranged. Highlighting the extravaganza will be the appearance of two of Edmonton's leading icecapadists, Murdo Munro and his sister Lillian.

He Flies Through The Air

MURDO MUNRO

Originally Wood had expected Snowball's Symphony to provide lyrics for the skaters. But at the last moment Jim Snowball announced that his entourage of music makers would not be available. Something about Petrillo. . .

Munro will gyrate through fancy skating and barrel jumping, and will team up with his sister in a duet. Another Edmontonian, Bucky Stevenson, will provide a comedy skit on the steel blades.

In the ensuing hockey game the Nurses lock horns with the Professors. Ernie Pallister will coach the Profs while Dorothy Dodds is expected to lead the ladies with the lamp.

University notables expected to be on deck for the official opening are President Robert Newton and George Hartling, president of the students' union.

How They Stand

	W.	L.	T.	F.	A.	Pts.
Mercurys	12	3	0	79	58	24
Camrose	5	5	0	51	39	10
Wetaskiwin	5	5	0	37	37	10
Varsity	0	9	0	21	24	0

NOTICE

Owing to business and scholastic reasons, Dick Beddoes has relinquished the editorship of the Friday edition of The Gateway. His successor is Hugh Hay-Roe, formerly connected with the paper as a sports writer. Address all news for the Friday page by Wednesday of each week to Mr. Hay-Roe at 73841 or 31155.

Badminton Play Resumes Monday

The intramural badminton tournament continues this semester on Monday, January 12. The singles are in the second round of the playoffs and the schedule is as follows:

7:00 p.m.—
K. M. Grierson vs H. Toupin, Court 1.
G. K. Higginson vs D. G. Walker, Court 2.
D. Brundage vs P. Petraschuyk, Court 3.
E. Lowe vs J. Lawrence, Court 4.
C. McIntosh vs S. Fushetey, Court 5.
J. Morgan vs C. M. McNichol, Court 6.

7:45 p.m.—
C. Burge vs W. Henning, Court 1.
W. Armstrong vs E. French, Court 2.
H. Toupin vs E. Sakowsky, Court 3.
D. G. Walker vs H. Galvan, Court 4.
P. Petraschuyk vs W. Toole, Court 5.
J. Lawrence vs B. Mitchell, Court 6.

8:30 p.m.—
S. Fushetey vs G. Hardy, Court 1.
C. McNichol vs A. O. Saffel, Court 2.
W. Henning vs L. Nordlund, Court 3.
E. French vs F. O'Brien, Court 4.

There will be enough courts available to play doubles games. The following teams are requested to play on January 12.

8:30 p.m.—
M. Utas and W. Armstrong vs R. Hutcheon and E. W. Jennings, Court 6.

9:15 p.m.—
C. Burge and C. McIntosh vs F. O. O'Brien and J. O'Brien, Court 4.
W. Henning and W. Toole vs A. Mair and J. Smith, Court 5.
W. Hurlburt and C. McNichol vs G. Fryett and R. Dixon, Court 6.

Sports Cavalcade

The Cavalcade of University Sport Broadcasts, which carries football, basketball, hockey and boxing events as they occur throughout the scholastic year over CKUA, has returned. The next stopover will be at the Varsity Rink on Monday, January 12, at 9:00 p.m. At that time the Camrose Maroons-Varsity Golden Bears battle will be aired for the listening public.

The Green and Gold Sport Revue is carried every Thursday at 5:30 p.m. over CKUA.

Army-Navy Pats Wallop Pandas

Army and Navy Pats handed the Varsity Pandas their fourth straight loss at Eastwood Wednesday night by a 40-16 count. It was the third victory without a defeat for Clare Hollingsworth's gals.

Pats were never headed in their drive against the co-eds. Eleanor McIntosh powered the winners with 13 points, while Phyllis Cox romped through for 10 digits. Marie Schwarz, a former Pat, led Tessa Johnson's club with five.

INTERFAC HOOPLA SCHEDULE

Tuesday, January 13—
7—Education vs. Engineers 1.
8—Dents vs. Law.
9—Arts vs. Commerce.
10—Meds vs. Theologs.
Thursday, January 15—
7—Arts 2 vs. Law.
8—Engineers 1 vs. Premeds.
9—Commerce vs. Engineers 2.
10—Pharmacy vs. Engineers 2.
Tuesday, January 20—
7—Theologs vs. Arts 1.
8—Education vs. Premeds.
9—Commerce vs. Med.
10—Arts 2 vs. Aggies.
Thursday, January 22—
7—Pharmacy vs. Theologs.
8—Dents vs. Arts 2.
9—Engineers 2 vs. Commerce.
10—Law vs. Education.
Tuesday, January 27—
7—Aggies vs. Engineers 1.
8—Arts 1 vs. Engineers 2.
9—Law vs. Premeds.
10—Meds vs. Pharmacy.
Thursday, January 29—
7—Dents vs. Education.
8—Meds vs. Engineers 2.
9—Commerce vs. Theology.
10—Arts 2 vs. Engineers 1.
Tuesday, February 3—
7—Arts vs. Pharmacy.
8—Agiess vs. Education.
9—Law vs. Engineers 1.
10—Dents vs. Premeds.

Dents-Engineers Open VHL At Varsity Rink Sunday A.M.

It was announced at a late hour last night that the 12-team Varsity Hockey League would officially inaugurate the 1947-48 schedule on Sunday, January 11. The participants in this first game will be Dents and Engineers 2, with the starting time set for 10 a.m.

The dozen teams in the circuit have been attempting to whip into a semblance of shape this past week, but have not been able to arrange satisfactory ice schedules to accommodate everyone.

Indications were that the league would have rough sledding for the first while at least. No contract troubles had been encountered, but an emergency meeting was called for this afternoon to iron out difficulties re officials, Golden Bear players in the league, equipment shortages, and availability of ice at all times.

And all the while President Dick Beddoes was finding out that operating the VHL was no task to be directed from behind a desk.

Education Co-eds Lead Hoopla Final

A power-packed drive of 10 points in the last three minutes of the contest enabled Education 1 to roar past Arts 36-30 in a ladies' basketball game last night. And that Frank Merriwell touch has the teachers leading the interfac final one game to nil. The second game of the best of three series will be played next week.

Arts were in the van 16-8 at the half, but after the breather they were outscored by the school marms 28-14.

Gladys Wady was in a 16-point mood for Education, while Marion Irwin and Marion Brown each chalked up 8. Alixe Bures sparked the losers with 12 points, and Ollie Barilko and Pat Poland each collected 8.

ARTS: Bures 12, Barilko 8, Poland 8, Spady 2, Matheson, Rice. Total 30.
EDUCATION: Irwin 8, Husband, Brown 8, Burke, Herd, Wady 16, Moore 2. Total 36.

Ross Jefferies Grabs Hero Spotlight As Waterloo Skins Golden Bear Twice

Mercurys, 10; Varsity, 2

Goalie Ross Jefferies and nine other guys went down to defeat before the Waterloo Mercury powerhouse at the Edmonton Arena Wednesday night. Mercurys won the shambles 10-2, but Jefferies was the real hero of the piece.

The Goldies, undermanned and undertrained, were never in it against Frank Coulson's hustling league leaders. But in spite of all odds, the black-haired Calgarian was a mighty Horatius at the bridge for the hapless Golden Bears. He was immense for 60 minutes.

Harvey Dodds beat Jeff for the first Waterloo marker at 9:01 of the first period. From there in the score mounted until the Mercurys had built up a 9-0 margin midway through the final canto.

Late in the game Dave Ellis and Doug Ringrose bulged the hemp for the Bears, to save the Collegians from a whitewashing.

But back to Jefferies. His story is one that every student and faculty member should hear. He had competition from three sources for the goal tending job this winter, but he glittered among the gold to get the nod as Shorts Purcell's last line of defense between the pipes.

And in every game the Goldies have played he's been just that—the last line of defense. For he's never had the same bunch of players in front of him all season. While others showed up for the odd game he was always on deck, come examinations and such, to don the big pads and face the stiff firing line of Camrose, Wetaskiwin and Waterloo.

Now that Ken Cox, Harry Hobbs, Porky Boyse, Bus Younger, Bill Ingram and Bob Causgrove have packed it up the Jefferies' headaches odds, Ross Jefferies will continue to

BEAR ROUTINE

Below is the complete schedule for the Golden Bear hockey team for the remainder of the term.

Northern Alberta Intermediate League

January—
10—Waterloo at Camrose.
12—Varsity at Wetaskiwin.
12—Camrose at Varsity.
14—Wetaskiwin at Waterloo.
15—Wetaskiwin at Camrose.
17—Varsity at Camrose.
17—Varsity at Wetaskiwin.
19—Wetaskiwin at Varsity.
21—Camrose at Waterloo.
22—Camrose at Wetaskiwin.
24—Waterloo at Camrose.
26—Waterloo at Varsity.
28—Varsity at Waterloo.
29—Camrose at Wetaskiwin.
31—Varsity at Wetaskiwin.
February—
3—Camrose at Varsity.

Intercollegiate Series for Halpenny Cup

January—
23-24—University of Saskatchewan at Alberta.
6-7—Alberta at University of Saskatchewan.

won't be lessened. But against all back up the sorties up such gees as Jim Fleming, Johnny Lyons and Bill McQuay. He's that kind of guy.

Varsity: Jefferies; Sinal and Cameron; Fleming, Hardy and Ringrose; Luft, Saldan, Ellis, Lyons, Case, McQuay. Mercurys: Murray; Stuart and O'Neill; Dawe, Allen and Darling; Ingram, D. Gault, Cragg, King, David, Dodds, Kilburn, Waring, Klingspoo. Officials: John Colville and Jim Pypier.

Now that Ken Cox, Harry Hobbs, Porky Boyse, Bus Younger, Bill Ingram and Bob Causgrove have packed it up the Jefferies' headaches odds, Ross Jefferies will continue to
